pure ELEMENTS

pure ELEMENTS

Why do I not hear my footsteps? Am I keeping my feet dry? What is a plastered walkway doing in this building? Water without moisture, lawns without nettles, wood without clicking, metal without clanging, a beach without sand? Yes, but everything is functional, atmospheric and comfortable – on hard-wearing carpets from COURISTAN.

It is the interplay of the elements, design and technology with which the flooring can create unique themed worlds of experience.

The „Pure Elements“ design guide offers inspiration for the design of hotel, shop and office spaces. Whether it is an eye-catching feature, a natural-looking impression or an exciting combination of various elements – the possibilities open up an interesting degree of scope.
